BACKGROUND:

On July 25, 2006, the Board of County Commissioners unanimously approved a term contract for rough-cut mowing and grounds maintenance services in roads locations with Ott Landscape Maintenance, Inc., and in stormwater locations with Cato Environmental Services, Inc. (Agenda item 30). As noted on the agenda item, the terms of these contracts were significantly higher than the previous contracts and the amounts budgeted for these services as part of the FY 2006/07 budget were under estimated. Accordingly, additional funding for these services are required for the remainder of the year.

Funds are available in the Repairs and Maintenance account line, which has recorded lower than anticipated repair and maintenance expenditures for the year to date.

STAFF RECOMMENDATION:

Staff recommends the Board approve and authorize the Chairman to execute Budget Change Request (BCR) #07-26 through the Transportation Trust Fund in the amount of \$41,563 to provide additional funding for mowing services.

For the breach or violation of this provision, COUNTY shall have the right to terminate the Agreement at its discretion, without liability and to deduct from the Agreement price, or otherwise recover, the full amount of such fee, commission, percentage, gift or consideration.

SECTION 10. ASSIGNMENT. This Agreement, or any interest herein, shall not be assigned, transferred, or otherwise encumbered, under any circumstances, by the parties hereto without prior written consent of the opposite party and only by a document of equal dignity herewith.

This document incorporates and includes all prior negotiations, correspondence, conversations, agreements or understandings applicable to the matters contained herein and the parties agree that there are not commitments, agreements or understandings concerning the subject matter of this Agreement that are not contained or referred to in this document. Accordingly, it is agreed that no deviation from the terms hereof shall be predicated upon any prior representations or agreements, whether oral or written.

The information included in this Addendum revises, clarifies, or supplements the specifications and other provisions of the contract documents and is considered part and parcel to the RFP Package.

Response to questions related to Stormwater scope of services:

Question: According to the Addendum #3, Price Schedule C - Rough-cut Mowing in Stormwater Locations, you are now requesting a price per site for all locations. You have requested a price per site for "Pond Flat Ground Maintenance", "Ditch Flat Ground Maintenance", and "Boom/Slope Mowing". The "pond flat ground maintenance" and "ditch flat ground maintenance" both have an "*" symbol indicating ***All mowing will be to waters edge. No exceptions.** So, does this mean we mow flat and slopes 12 times per year for ponds and ditches? Or, do we mow flat ground only on ponds and ditches (as indicated under Type of Service) 12 times per year and then mow slopes on ponds and ditches 4 times per year?

Answer: Boom Mowing will remain as follows. Slopes of DITCHES shall be mowed to waters edge 4 Cycles per year. Ponds will be mowed to waters edge 12 cycles per year. There will not be any separate Boom Mowing for ponds. If you must Boom Mow, or weed eat to reach waters edge then your bid should reflect that. **12 Cycles of Flat Ground Maintenance on Ditches, 4 Cycles of Boom Mowing on Ditches, and 12 Cycles of Pond Mowing Period** is what should be bid on. We just want the services provided. How the contractor performs these services is solely left to their discretion.

Similar areas conducive to the use of high production equipment and or **smaller equipment as needed to maintain the areas**. The County will mow all wet or steep ditches, greater than a 3:1 slope. The Contractor is required to mow from the roadway to the top of the ditch bank, excluding wet or steep ditches, from the top of the ditch bank to the Right-of-Way marker or specified boundary. Litter is to be removed before mowing each location; and, the Contractor shall exercise the necessary care to preclude any source of litter by his operation. Motorized equipment may be used for the process of litter removal or weed eating. If using this type of equipment it shall be operated with the direction of traffic and shall be equipped with blinking or flashing amber lights & slow moving signs.

Edging Curbs and Sidewalks:

All debris is to be removed, resulting in a clean edge line and clear passage way. The contractor will be required to keep the walkway areas open and free of sand, clippings and encroaching vegetation.

Correspondingly, the acceptable quality level establishes a maximum allowable error rate or variation from the standard.

Monthly payments to the Contractor will be reduced for unsatisfactory performance using the following methods:

- Each month Contractor performance will be compared to contract standards and acceptable quality levels as stated in the contract.
- Inspection scores are averaged – The average scoring for the month is used to determine the percentage payment of the invoice. The County's decision is final.
- The Contractor will be notified of any deficiency identified during the term of the contract. Contractor shall take appropriate corrective action upon notification. In the event of such notification, the Contractor shall explain in writing within five (5) days of receipt, why performance was unsatisfactory, how performance will be brought into compliance with contract specifications and standards and how the problem will be prevented.
- The Inspection Score is as follows:

W I T N E S S E T H:

WHEREAS, the COUNTY desires to retain the services of a competent and qualified contractor to provide rough-cut mowing and grounds maintenance services for Stormwater locations (Part C) in Seminole County; and

WHEREAS, the COUNTY has requested and received expressions of interest for the retention of services of contractors; and

WHEREAS, CONTRACTOR is competent and qualified to furnish services to the COUNTY and desires to provide its professional services according to the terms and conditions stated herein,

NOW, THEREFORE, in consideration of the mutual understandings and covenants set forth herein, COUNTY and CONTRACTOR agree as follows:

SECTION 1. SERVICES. COUNTY does hereby retain CONTRACTOR to furnish professional services and perform those tasks as further described in the Scope of Services attached hereto and incorporated herein as Exhibit "A".

SECTION 2. FIXED FEE COMPENSATION AND PAYMENT.

(a) The COUNTY agrees to compensate CONTRACTOR for the professional services called for under this Agreement fees as indicated

on Exhibit "B", attached hereto. CONTRACTOR shall perform all work required by the Scope of Services but, in no event, shall CONTRACTOR be paid more than the negotiated fees as stated above. The total annual fee paid to the CONTRACTOR pursuant to this Agreements shall not exceed the total amount budgeted by the COUNTY for rough-cut mowing and grounds maintenance services for Stormwater locations (Part C).

(b) Payments shall be made to the CONTRACTOR when requested as work progresses for services furnished, but not more than once monthly. CONTRACTOR may invoice amount due based on the total required services actually performed and completed. Upon review and approval of CONTRACTOR's invoice, the COUNTY shall, within thirty (30) days of receipt of the invoice, pay CONTRACTOR the approved amount.

SECTION 3. BILLING AND PAYMENT.

(a) CONTRACTOR shall render to the COUNTY, at the close of each calendar month, an itemized invoice, properly dated including, but not limited to, the following information:

- (1) The name and address of the CONTRACTOR;
- (2) Contract Number;
- (3) A complete and accurate record of services performed by the CONTRACTOR for all services performed by the CONTRACTOR during that month and for which the COUNTY is billed;
- (4) A description of the services rendered in (3) above with sufficient detail to identify the exact nature of the work performed; and
- (5) Such other information as may be required by this Agreement or requested by the COUNTY from time to time.

The original invoice and one (1) copy shall be sent to:

Director of County Finance
Seminole County Board of County Commissioners
Post Office Box 8080
Sanford, Florida 32772

Two (2) duplicate copies of the invoice shall be sent to:

Seminole County Roads/Stormwater Division
177 Bush Loop
Sanford, Florida 32773

(b) Payment shall be made after review and approval by COUNTY within thirty (30) days of receipt of a proper invoice from the CONTRACTOR.

SECTION 4. AUDIT OF RECORDS.

(a) COUNTY may perform or have performed an audit of the records of CONTRACTOR after final payment to support final payment hereunder. This audit would be performed at a time mutually agreeable to CONTRACTOR and COUNTY subsequent to the close of the final fiscal period in which the last work is performed. Total compensation to CONTRACTOR may be determined subsequent to an audit as provided for in subsection (b) and of this subsection, and the total compensation so determined shall be used to calculate final payment to CONTRACTOR. Conduct of this audit shall not delay final payment to the CONTRACTOR.

(b) The CONTRACTOR agrees to maintain all books, documents, papers, accounting records and other evidences pertaining to work performed under this Agreement in such a manner as will readily conform to the terms of this Agreement and to make such materials available at CONTRACTOR's office at all reasonable times during the Agreement period and for five (5) years from the date of final payment under the contract for audit or inspection as provided for in subsection (a) of this Section.

(c) In the event any audit or inspection conducted after final payment, but within the period provided in subsection (b) of this Section reveals any overpayment by COUNTY under the terms of the Agreement, CONTRACTOR shall refund such overpayment to COUNTY within thirty (30) days of notice by the COUNTY.

SECTION 5. RESPONSIBILITY OF CONTRACTOR.

(a) CONTRACTOR shall be responsible for the professional quality of all services furnished by CONTRACTOR under this Agreement. CONTRACTOR shall, without additional compensation, correct or revise any errors or deficiencies in his services.

(b) Neither the COUNTY'S review, approval or acceptance of, nor payment for, any of the services required shall be construed to operate as a waiver of any rights under this Agreement or of any cause of action arising out of the performance of this Agreement and the CONTRACTOR shall be and remain liable to the COUNTY in accordance with applicable law for all damages to the COUNTY caused by the CONTRACTOR's performance of any of the services furnished under this Agreement.

SECTION 6. TERM. This Agreement shall take effect on the date of its execution by COUNTY and shall remain in effect for a period of one (1) year. At the option of the parties, this Agreement may be extended for eight (8) additional terms, not to exceed one (1) year each.

SECTION 7. TERMINATION.

(a) The COUNTY may, by written notice to the CONTRACTOR, terminate this Agreement, in whole or in part, at any time, either for the COUNTY'S convenience or because of the failure of the CONTRACTOR to fulfill CONTRACTOR's Agreement obligations. Upon receipt of such notice, the CONTRACTOR shall immediately discontinue all services affected unless the notice directs otherwise.

(b) If the termination is for the convenience of the COUNTY, the CONTRACTOR shall be paid compensation for services performed to the date of termination. CONTRACTOR shall be paid no more than a percentage of the Fixed Fee amount equivalent to the percentage of the completion of work contemplated by the Agreement.

(c) If the termination is due to the failure of the CONTRACTOR to fulfill his Agreement obligations, the COUNTY may take over the work and prosecute the same to completion by Agreement or otherwise. In such case, the CONTRACTOR shall be liable to the COUNTY for reasonable additional costs occasioned to the COUNTY thereby. The CONTRACTOR shall not be liable for such additional costs if the failure to perform the Agreement arises out of causes beyond the control and without the fault or negligence of the CONTRACTOR. Such causes may include, but are not limited to, acts of God or of the public enemy, acts of the COUNTY in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes, and unusually severe weather; but, in every case, the failure to perform must be beyond the control and without the fault or negligence of the CONTRACTOR.

(d) If, after notice of termination for failure to fulfill Agreement obligations, it is determined that the CONTRACTOR had not so failed, the termination shall be deemed to have been effected for the convenience of the COUNTY. In such event, adjustment in the Agreement price shall be made as provided in subsection (b) of this Section.

(e) The rights and remedies of the COUNTY provided in this clause are in addition to any other rights and remedies provided by law or under this Agreement.

SECTION 8. EQUAL OPPORTUNITY EMPLOYMENT. CONTRACTOR agrees that it will not discriminate against any employee or applicant for employment for work under this Agreement because of race, color, religion, sex, age, national origin, or disability and will take steps to ensure that applicants are employed, and employees are treated during employment, without regard to race, color, religion, sex, age, national origin or disability. This provision shall include, but not be limited

to, the following: employment, upgrading, demotion or transfer; recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship.

SECTION 9. NO CONTINGENT FEES. CONTRACTOR warrants that it has not employed or retained any company or persons, other than a bona fide employee working solely for the CONTRACTOR, to solicit or secure this Agreement and that CONTRACTOR has not paid or agreed to pay any persons, company, corporation, individual or firm, other than a bona fide employee working solely for CONTRACTOR, any fee, commission, percentage, gift, or other consideration contingent upon or resulting from the award or making of this Agreement. For the breach or violation of this provision, COUNTY shall have the right to terminate the Agreement at its discretion, without liability and to deduct from the Agreement price, or otherwise recover, the full amount of such fee, commission, percentage, gift or consideration.

SECTION 10. ASSIGNMENT. This Agreement, or any interest herein, shall not be assigned, transferred, or otherwise encumbered, under any circumstances, by the parties hereto without prior written consent of the opposite party and only by a document of equal dignity herewith.

SECTION 11. SUBCONTRACTORS. In the event CONTRACTOR, during the course of the work under this Agreement, requires the services of any subcontractors or other professional associates in connection with service covered by this Agreement, CONTRACTOR must secure the prior written approval of the COUNTY. If subcontractors or other professional associates are required in connection with the services covered by this Agreement, CONTRACTOR shall remain fully responsible for the services of subcontractors or other professional associates.

SECTION 12. INDEMNIFICATION OF COUNTY. The CONTRACTOR agrees to hold harmless, replace, and indemnify the COUNTY, its commissioners, officers, employees, and agents against any and all claim, losses, damages or lawsuits for damages, arising from the negligent, reckless, or intentionally wrongful provision of services hereunder by the CONTRACTOR, whether caused by the CONTRACTOR or otherwise.

SECTION 13. INSURANCE.

(a) General. The CONTRACTOR shall at the CONTRACTOR's own cost, procure the insurance required under this Section.

(1) The CONTRACTOR shall furnish the COUNTY with a Certificate of Insurance signed by an authorized representative of the insurer evidencing the insurance required by this Section (Workers' Compensation/Employer's Liability and Commercial General Liability). The COUNTY, its officials, officers, and employees shall be named additional insured under the Commercial General Liability policy. The Certificate of Insurance shall provide that the COUNTY shall be given not less than thirty (30) days written notice prior to the cancellation or restriction of coverage. Until such time as the insurance is no longer required to be maintained by the CONTRACTOR, the CONTRACTOR shall provide the COUNTY with a renewal or replacement Certificate of Insurance not less than thirty (30) days before expiration or replacement of the insurance for which a previous certificate has been provided.

(2) The Certificate shall contain a statement that it is being provided in accordance with the Agreement and that the insurance is in full compliance with the requirements of the Agreement. In lieu of the statement on the Certificate, the CONTRACTOR shall, at the option of the COUNTY submit a sworn, notarized statement from an authorized representative of the insurer that the Certificate is being provided in

accordance with the Agreement and that the insurance is in full compliance with the requirements of the Agreement. **The Certificate shall have this Agreement number clearly marked on its face.**

(3) In addition to providing the Certificate of Insurance, if required by the COUNTY, the CONTRACTOR shall, within thirty (30) days after receipt of the request, provide the COUNTY with a certified copy of each of the policies of insurance providing the coverage required by this Section.

(4) Neither approval by the COUNTY or failure to disapprove the insurance furnished by CONTRACTOR shall relieve the CONTRACTOR of the CONTRACTOR's full responsibility for performance of any obligation including CONTRACTOR's indemnification of COUNTY under this Agreement.

(b) Insurance Company Requirements. Insurance companies providing the insurance under this Agreement must meet the following requirements:

(1) Companies issuing policies other than Workers' Compensation must be authorized to conduct business in the State of Florida and prove same by maintaining Certificates of Authority issued to the companies by the Department of Insurance of the State of Florida. Encroachment of vegetation along the sidewalks shall be trimmed back to assure a clear walk zone.
- C. **Pruning** - All trees 12' in height shall be trimmed up to a height of 6' and maintain a clear trunk of sucker growth and kept clear of dead, unsightly or hazardous limbs. Any trees or limbs that should encroach any County Pond or ditch easement due to storms or weather irregularities in excess of a four inch (4") diameter will be reported by the Contractor and removed by County crew.
- D. **Mowing** – Services within this contract will include these areas of **Flat Ground, Slope & Pond Bottom**. Ponds shall be cut to a uniform height of no less than Four inches (4"). Contractor shall make every effort not to cause "scalping" while mowing any area.
- E. **Litter Removal** - Shall include bottles, glass, cans, paper scraps and branches. A record of litter removed from each site shall be turned in to the Project Manager after each cycle.
(Example three full 30 gal. trash bags = one cubic yard).
- F. **Cuttings and Trimmings** - As a result of unsightly right-of-way due to pruning, grass or vegetation cuttings, it shall be the responsibility of the Contractor to remove or disperse as necessary to eliminate these conditions.

Performance Work Standards

6.0 Performance Analysis and Standards:

Performance analysis assigns a performance requirement to the tasks, which involves determining how a service can be measured and what performance standards and quality levels apply. The performance standard establishes the performance level required by the County. Correspondingly, the acceptable quality level establishes a maximum allowable error rate or variation from the standard.

Monthly payments to the Contractor will be reduced for unsatisfactory performance using the following methods:

- Each month Contractor performance will be compared to contract standards and acceptable quality levels as stated in the contract.
- Inspection scores are averaged – The average scoring for the month is used to determine the percentage payment of the invoice. The County's decision is final.
- The Contractor will be notified of any deficiency identified during the term of the contract. Contractor shall take appropriate corrective action upon notification. In the event of such notification, the Contractor shall explain in writing within five (5) days of receipt, why performance was unsatisfactory, how performance will be brought into compliance with contract specifications and standards and how the problem will be prevented.
- The Inspection Score is as follows:

Score Range		Payment
